Is your pet spay/neutered? Yes/No – (we reserve the right to deny service if you are breeding your dog)

Are you planning to get this done? Yes/No If no, why not? _____

WE ARE A VACCINE CLINIC – WE DO NOT LOOK AT OWNED SICK/INJURED ANIMALS. You will need to take them to a full-service veterinary clinic to be seen. Thank you for your understanding.

Vaccine Consent and Waiver of Liability

I give permission for my pet to be vaccinated at the Knox County Humane Society's Clinic and acknowledge that such vaccinations do not constitute complete health care. It is essential that my pet receives a yearly physical examination.

I also state that my pet has no sign of disease, is not allergic to vaccines and is not pregnant (only pertains to pets not getting spayed).

I understand that vaccinations may cause unexpected reactions in pets.

I agree to accept all risks of vaccinations and personally accept both legal and financial responsibility for all charges incurred as a result of such risks.

I accept that it is my responsibility to seek emergency care as needed or directed.

I agree to indemnify and hold harmless the Knox County Humane Society (KCHS), the attending veterinarian, and any of the officers, employees or agents of said corporate entity from any and all liability arising out of the performance of all procedures referred to above.

I agree that I am paying for today's services only and not for any future services discussed or implied (except surgery).

I have read, understand, accept and agree to be bound by the above conditions.
